

INTERIOR FABRIC INFORMATION

Linen chair covers

Neptune's linen chair covers can be removed from the frames using patented letterbox™ system. This allows the covers to be washed on a 30°C wash. Please note that even on a cold wash the shape may alter slightly.

- The cover should be dried flat
- Do not squeeze or wring dry by hand
- Do not dry in direct sunlight
- Use washing liquid / powder which offers colour retention

Any spillages on the linen should be mopped up as quickly as possible to prevent any major stains.

Colour Options

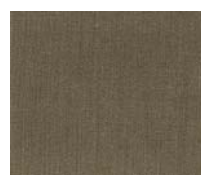

Natural

Powder Blue

Mustard

Earth

Ancona Fabric Cushions

- The cushion covers are made from Duratex 55 which is fade resistant.
- The covers are fully removable and should be washed on a 30°C wash. Please note that the shape may alter slightly after washing.
- Any spillages should be mopped up as quickly as possible to prevent any major stains.

Leather chairs and cushions

Our leather chairs and cushions can be cleaned with standard leather upholstery care products. These can normally be purchased from auto centres. There are a number of online suppliers who sell leather care products including:-

www.leathercaredirect.com

www.halfords.com

www.renapur.com

Please be advised we have no affiliation with these companies we are merely advising your of leather care purchasing options.
